

Testimony B m, 128

Back in those days when alone in the dark
Tormented by the thought "I won't make it to the light"
Overwhelmed by the weight of my flaws and my sins
I thought no one could see me through
Everything that I gained was finally in vain
Because all that I had did not provide the real joy
Yes, I had everything but in fact I had nothing
Nothing at all

That was then Jesus came to me

And He changed the day

I will sing

I will shout

He gave his everything for me to have everything

I will lift

Up my voice

To share my testimony

Rooted deep in my soul

E F# Bm

Deep in my soul

Testimony B m, 128

Routed deep in my soul

I'll share my testimony

Let me sing

Let me shout

He gave his everything for me to have everything

Let me lift up my voice

To share my testimony

Let me sing

Let me shout

He stepped into the dark for me to live in the light

Let me lift up my heart

To share my testimony

E F# G

Rooted deep in my soul

This testimony that is rooted deep down in my soul

Let me share my testimony, my testimony!
