

Verse 1

When I have no other "perfect" word
to say

When I have no other "perfect" note
to play

When I have no other "great record"
to slay

Tell me Jesus is the answer

[Oh x 6] 3 Tell me Jesus is the answer

[Oh x 6] 3 Tell me Jesus is the answer

Verse 2

When I have no other "great story" to
tell

When "I don't need to call anyone"
for help

When my condition seems "so
perfect" as well

Tell me Jesus is the answer

[Oh x 6] 3 Tell me Jesus is the answer

[Oh x 6] 3 Tell me Jesus is the answer

Jesus is the answer!

Bridge

When everything seems so bright

When everything seems alright

I know, I know, I still need Jesus

When every light is just green

When every path is so clean

I know, I know, I still need Jesus

When everything works for me

When peace is so real in me

I know, I know, I still need Jesus

When all my life is laughter

And so much more ever after

I know, I know, I still need Jesus

I still need Jesus!

Bridge

When everything seems so bright

When everything seems alright

I know, I know, I still need Jesus

When every light is just green

When every path is so clean

I know, I know, I still need Jesus

When everything works for me

When peace is so real in me

I know, I know, I still need Jesus

When all my life is laughter

And so much more ever after

I know, I know, I still need Jesus

I still need Jesus!

When I have reached the top of all
that I can

When I have fulfilled all wishes and
all plans

When "there's no place high enough"
for me to stand

Tell me Jesus is the answer
